What is the Science Ambassador Program? The Science Ambassador Program is a great opportunity for undergraduate students to represent UC Riverside’s College of Natural & Agricultural Sciences Undergraduate Programs to internal and external constituents. The Science Ambassadors will be the face of the program and assist the school as a host during official functions, make presentations where required, and act as a student liaison with the various communities that CNAS serves both on and off-campus, with a particular emphasis on recruiting events and activities. Ambassadors are knowledgeable about their majors and UCR, and are easily able to communicate their passion for both to prospective students and their families. Ambassadors are highly involved in activities outside of the classroom, including undergraduate research, student life, athletics, etc. Each Ambassador has a distinct voice and a unique story which all contribute to a rich diverse representation for the College of Natural and Agricultural Sciences at UC Riverside. CNAS Science Ambassadors adhere to the highest standards of student conduct and academic integrity.

Qualifications/Requirements:
- Must be a CNAS major
- Minimum 3.4 cumulative GPA
- Must have attended UCR for at least one quarter and completed 12 units, or be a transfer student
- Strong communication and interpersonal skills
- Commit to six quarters (two academic years) in the Science Ambassador Program
- Commit to at least six events a year that include weekends or weeknights
- Attend an orientation meeting and team building activity in October and monthly meetings thereafter
- All successful candidates must be interviewed

Benefits:
- Improve interpersonal skills
- Develop leadership, group dynamics, communication, and public speaking skills
- Meet, interact, and network with other students, faculty, administrators, community members, and the CNAS Deans
- Resumé enhancement
- Recognition at graduation with a Science Ambassador sash and reserved seating for family (benefits accrue to those who meet the minimum commitment requirements below)*

*Minimum Commitment Requirements (six):
