

SEEDS – Strategies for Ecology Education, Diversity & Sustainability *Diverse People for a Diverse Science*

- SEEDS is the flagship, award-winning diversity program of the Ecological Society of America (ESA).

Founded in 1996, SEEDS *supports undergraduate students*—especially those from historically underrepresented backgrounds—through hands-on ecological experiences, mentoring, and leadership development.

- WHAT YOU CAN DO WITH SEEDS:
 - Join or start a SEEDS campus chapter
 - Participate in paid field trips and research experiences
 - Attend leadership meetings and workshops
 - Build community, confidence, and career pathways in ecology
- SEEDS is funded in part by the National Science Foundation & others.
